

YOUR HVAC CALENDAR 2021

JANUARY

- Change your air filter.
- If you haven't already, save our phone number in your contacts: 855-ONE-HOUR. We'll be here for you if your heating system breaks down when you need it most.

FEBRUARY

- If you live in an area that gets tornados, be sure to have a safety inspection before any storms come.

MARCH

- Spring is here! Be sure to schedule a maintenance appointment for your air conditioning before the warm weather hits.

APRIL

- In honor of Earth Day, take some time to think about how you can be more energy efficient in your home. Check out One Hour's blog for tips and tricks!
- Change your air filter.

MAY

- Have you thought about the quality of air in your home lately? Contact One Hour today to learn more about how you can improve your indoor air quality.

JUNE

- If you live in an area that gets hurricanes, be sure to have a safety inspection before any storms come.

JULY

- Change your air filter.

AUGUST

- If you haven't already, save our phone number in your contacts: 855-ONE-HOUR. We'll be here for you if your air conditioning breaks down when you need it most.

SEPTEMBER

- Fall is here! Be sure to schedule a maintenance appointment for your heating system before the cold weather hits.

OCTOBER

- It's Indoor Air Quality Awareness Month! Contact One Hour today to learn more about how you can improve the quality of air in your home.
- If you live in an area that gets snow storms, be sure to have a safety inspection before any storms come.
- Change your air filter.

NOVEMBER

- It's Carbon Monoxide Awareness Month. Check your CO detectors to make sure they're working properly and buy more if you need to.

DECEMBER

- With the arrival of winter, you'll be staying indoors more – so December is a great time to make sure you have the best indoor air quality possible. Call One Hour for an indoor air quality consultation.
